

Patient Responsibility

Payment for services is due at the time the actual services are rendered. We accept cash, checks, Visa, MasterCard and Discover. We also offer 3 or 6 months *Same as Cash*. Ask for details. To facilitate your reimbursement, we will be happy to help process your insurance claims by filing with your primary and secondary insurance companies. We accept assignment for all Medicare patients, however, patients are responsible for the deductible, refraction, and 20% of the Medicare approved amount.

We must emphasize that as medical providers, our relationship is with you, not your insurance company. While filing of claims is a courtesy that we extend to our patients, all charges remain your responsibility from the date the services are rendered. If you have an unusual financial situation please contact our accounts manager prior to your services being rendered (937) 251-9754 or 339-7956.

Please give at least 24 hours notice if you must cancel or reschedule an appointment so that time may be allotted to someone else. Patients missing more than one appointment without notice will be charged \$25.

Welcome

Dr. Carolyn Davis
Owner & Optometrist

Dr. Faith Salyer
Optometrist

Dr. Lauren Grillot
Optometrist

Welcome to our office! We thank you for entrusting your eye care to us. Our entire staff is a team dedicated to providing the highest quality eye health care and service to our patients. Please let our receptionist or any member of our staff know of any special needs or requests you may have.

What to Expect on Your First Visit

- Sixty minutes should be allowed for your eye exam, and an additional thirty to sixty minutes if glasses or contacts are needed.
- If your eyes are dilated you may need to have someone drive you home after your visit since dilations last 3 to 6 hours on average. Sunglasses are also suggested.
- Digital retinal photos will be taken of your eyes to enhance our view of your retina (back of eye) and detect disease earlier than older methods.
- A Complete contact lens evaluation includes professional fitting and follow-up visits, lens handling class, trial wearing period, trial lenses and a care kit.
- Regular follow-up preventive care is very important in maintaining long lasting eye health. We therefore encourage our patients to adhere to the recommended visit schedule. We will advise you when it is time for your next visit and help you with appointments that best suit you and your busy schedule.

ProCare Optometrists Are AOA InfantSEE Providers

The American Optometric Association encourages parents to include a trip to the optometrist in the list of well-baby check-ups. Assessments at six to twelve months of age can determine healthy development of vision. The InfantSEE program allows every infant to be examined at no charge before the age of one. Dr. Davis, Dr. Salyer and Dr. Grillot are your certified InfantSEE providers in the Troy area.

Professional Experience

- Over thirty-seven combined years of experience caring for thousands of patients with all types of vision problems
- Experience in contact lenses, pediatrics, geriatrics, foreign body removal, infections, and dry eye
- Latest diagnostic techniques for Glaucoma, Macular Degeneration and Diabetic Retinopathy
- Specialized in Pediatric Eye Care
- Dr. Salyer and Dr. Grillot are certified in Corneal Refractive Therapy (CRT) - corneal reshaping without surgery
- Dr. Grillot specializes in children with learning related vision disorders.

Involved in the Community

- We participate in Vision U.S.A. and Health Partners projects to provide free care to needy local citizens
- Members of the Troy Chamber of Commerce
- Our optometrists are RealEyes presenters to school kids of all ages.
- We give free screenings to Troy Christian School & at healthfairs.

Your referral of a friend or neighbor is one of the finest compliments you can give us. In appreciation of your referral, we will give you **\$20 off** your next visit with us.
